Thank you for choosing Texpo! Texpo is pleased to provide you with this renewable fixed rate plan. The above price disclosure is based on average usage patterns and a fixed base energy price of **8.6 ¢** per kWh for the CenterPoint area, **8.4 ¢** for the Oncor area, **8.5 ¢** for the TNMP area, **8.5 ¢** for the AEP-Central area, **8.8 ¢** for the AEP-North area, and **8.5 ¢** for the Sharyland area, plus all charges from your Transmission and Distribution Service Provider ("TDSP") and the Electric Reliability Council of Texas ("ERCOT") (collectively, "Delivery Charges"), a \$7.95 monthly customer-service-meter-fee (YEP will *not* charge the monthly customer-service-meter-fee for each billing cycle in which you use at least 1,000 kWhs), and Public Utility Commission of Texas ("PUCT") fees and assessments.

Please see your Terms of Service for a full description of your actual price, and other applicable terms and charges. Your base energy price is a fixed price, and your average total price for the electricity service will vary according to your monthly usage, your maximum instantaneous peak load, and the amount of Delivery Charges (as defined in your Terms of Service) at the time of your usage, as allowable under the Rules of the PUCT (<http://www.puc.state.tx.us/rules/subrules/electric>).

The above prices in the table do not include taxes or, for customers in the Oncor service area, the TDSP Underground Facilities and Cost Recovery Charge authorized by some cities. See your TDSP's tariff for a list of cities and authorized charges.

**Other Key Terms and Questions**

- \*Because this is an "E-Plan," your initial pricing as listed above also includes and assumes a 0.5¢/kWh discount for electing to authorize monthly payments of your invoices via automatic recurring withdrawals from your bank account(s) or charges to your credit card.
- You are choosing to support environmentally friendly, non-depleting, green energy by enrolling in Texpo's Clear Blue Skies 100% Renewable Fixed Term E-Plan. If you sign up for this plan you are supporting the generation of environmentally conscious energy, and because of Texpo's purchase and retirement of renewable energy certificates or attributes from specific facilities, renewable energy resources will be proudly delivered to the Texas power grid in an amount equal to your yearly electricity usage consumed under this plan. Texpo may take up to three months following the close of a calendar year to make up any deficiency in renewable energy certificates provided in connection with the electricity product you choose.
- This document is intended to summarize many provisions in your Terms of Service, the applicable version of which is entitled "Terms of Service Agreement," version "TEXPOFIXEDDUAL081509." See Terms of Service for a full listing of fees, deposit policy, and other terms.
